

Important Notice – Toll Information

On a rental bike you are responsible for paying tolls on motorways. If you expect to travel on cashless tollways in NSW, we suggest that you acquire an e-Pass tag through the RTA website. This pass can be purchased for a period of up to 14 days per booking (within 48 hours of passing through the toll point).

Alternatively, you can contact the appropriate toll operator on the relevant phone number listed below to pay the toll within 48 hours of passing the toll point.

If Bikescape Motorcycle Rentals & Tours receives any unpaid toll notices incurred within the contract period, for the bike hired by you, then as per our Terms and Conditions we will charge your credit card with the toll fee, any listed administration fees and a Bikescape administration fee of \$20 per notice. We will forward a copy of the payment receipt to any email address provided by you.

RTA web address; www.myrta.com.au. Select the link My E Toll link and then select; Register for an e-toll pass tag. You will need your credit card and will be asked for the motorcycles registration number and state – this information is available on the Rental Agreement you were given at the time of collecting the bike.

The following roads have tolls imposed on them and will either require payment via cash booths (where available), the purchase of an e-pass or use of your own personal E-tag.

| Tollway | Cash Booth | Other Payment Options | Phone Numbers |
|------------------------------|------------|-----------------------|---------------|
| Lane Cove Tunnel - Sydney | No | E-Pass or E-tag | 13 76 26 |
